

Fixed End with 4-Bolt Flange

The Cast Fixed End with an Integral 4-Bolt Flange bolts directly to the fill valve assembly on the liquid cryogenic storage vessel or can be remote mounted for easier driver access.

Description	Part Number	Service	Material
1 1/2" Cast Fixed End	590-123-15	Nitrogen	Cast Bronze
1 1/2" Fixed End Assembly*	590-124-15	Nitrogen	Cast Bronze
1 1/2" Cast Fixed End	580-123-15	Argon	Cast Bronze
1 1/2" Fixed End Assembly*	580-124-15	Argon	Cast Bronze
1 1/2" Cast Fixed End	540-123-15	Oxygen	Cast Bronze
1 1/2" Cast Fixed End	540-124-15	Oxygen	Cast Bronze

*Assembly includes: Aluminum Dust Cap, Flange Gasket and Fill Gasket.

DESIGN FEATURES

- 1-1/2" Size
- Cast Bronze Construction
- Liquid Nitrogen, Oxygen and Argon Services
- Available Alone or as an Assembly

The Flanged Fixed End Assembly is designed for use with nitrogen, oxygen or argon cryogenic tanks.

ORDERING INFORMATION

Gas Service	Part Number
Liquid Nitrogen	700289C-LIN
Liquid Oxygen	700289C-LOX
Liquid Argon	700289C-LAR
